### GROUP 4

Loida, Bounseng, Dini, Vinh, Chenda,  
Dyla, Dammika, Sylakhone

# positives issues

- “World Around Us” subject is integrated in TTC curriculum
- Provide three programs to adapt the needs of the country, availability of personnel and financial situation of students
- The classroom setting is made similar to the real PS → use more visual aids

# The point to be widely applicable

- The classroom setting is made similar to the real PS → the use of more visual aids

# Critical issues

- Put health education-related subjects in curriculum more into real practice (e.g washing hands)
- Expand the health education subject → longer time and more credits
